This sophisticated and minimalist design by Esperanza blends natural light, soothing hues of grey, soft whites and touches of oak, to showcase the beauty of the space. The open-concept features an Italian-inspired kitchen with sleek horizontal upper cabinets, stainless steel appliances and quartz countertops extending to provide a breakfast bar. The spacious living room, complete with a gas fireplace for those winter evenings, a dining area conceived for entertaining family and friends, the king-sized master bedroom and second bedroom, all have breath-taking views of False Creek, the city skyline and the mountains. There's a covered balcony, wine bar, climate controlled wine closet and a spa-like ensuite with large walk-in shower.
