\$4,599,800

2088 Barclay St.

The Presidio, situated on the edge of Stanley Park with sweeping forever views, this building is one of my personal favourites and features a panoramic outlook overlooking Stanley Park and Lost Lagoon, from English Bay to West Vancouver. Designed by esteemed Canadian architect Richard Henriquez, this three bedroom, lightly lived in, full-floor home has direct elevator access and has been maintained in pristine condition. Features include air conditioning, high ceilings, a large chef's kitchen, extensive storage as well as two secure underground parking stalls and visitor parking. Amenities include a resident caretaker, lounge with full kitchen, and serene landscaped gardens with water features. Full-floor homes in this building rarely come to market, don't miss this opportunity.
