

9013 Hammond Street, Mission

\$1,749,000

Rarely are homes available on this quiet, no thru street. Almost 1.0 acre lot right in town! This solid home has had extensive renovations (200K in updates!) Including: all bsmt flooring, upstairs flooring, new kitchen, new siding, new asphalt in side parking and gates to back yard. This is a warm, beautiful home in one of Mission's more desirable neighborhoods where you can come home to feel completely relaxed and unwind. Part of the back yard is a nice big lawn and past the back fence the property extends approximately 180 ft where it has been left in it's natural state, plenty of trees to build a tree house for the kids plus tons of room to build your dream work shop and potential to divide in half. This is the perfect place to raise your family!
