1776 Inglewood Ave is a 10,874 sq. ft single-family creekside building lot. The building plan that comes with the lot is a beautifully modern and private family home by Burgers Architecture. This idyllic design features 4 bedrooms and 4 bathrooms across 3 levels. The 2 story plus basement also houses an open kitchen, rec room, and large storage. The floor-length windows open up the space and welcome the trees and calming creek surrounding the property as this new home's backdrop. The main entrance of this home is through lane access off 17th Street. Walking access to the property is available on Inglewood Ave as well.
