\$2,349,000

At a time when words such as “luxurious” and “sophisticated” are used to describe all manner of real estate, it is refreshing to find a place where such words still have meaning “Regatta Point”.... 36 suites on 13 floors on the highly coveted West Vancouver waterfront within walking distance to the beaches of Ambleside or the shops and restaurants of Dundarave. This gorgeous “gem” of a suite was bought directly from the developer in 1989 and this is the first time it has been offered for sale. An incredible east/west floor plan with staggering water views from every room and offering total privacy – this is the one “everyone” has been waiting for! Insuite laundry, live-in caretaker, pro-active strata, gorgeous facilities.....one of the finest waterfront locations in West Vancouver!
