

# 124 David Crescent, Salt Spring Island

\$1,225,000

Only minutes from Salt Spring's services and amenities, is one of Salt Spring's best view acreages. This welcoming sunny and private 4.9 acres - with its prepped & level building site - enjoys a view from over Salt Spring Island out to spectacular ocean and mountain panoramas. A circular driveway leads to the prepared building site where the septic system has already been built, electricity has been connected, and a well-kept small mobile [on its wheels] would provide temporary living space. On community water, this acreage would be an ideal spot to build your Salt Spring forever home.
