

28 3871 W River Road, Delta

\$99,999

New Concrete-wood-foam Float system was custom built in 2021. The Sweet Spot is the name for this quirky float home property. Although the home has immense character and charm it is clear that it is in need of TLC and renovation. The interior is a blend of eclectic, vintage decor and it is a canvas waiting for your personal touches. This home can not remain in this marina, it must be moved.
