

# 201 533 Waters Edge Crescent, West Vancouver

\$1,537,000

These brownstone vibe buildings designed by Robert Stern, pepper the banks of the Capilano River & sit on the original site of the great Park Royal Hotel. Built at a time when developers could afford to add the appropriate quality & finishings to make the transition from a single-family home to an apartment more appealing. This 2 bed/2 bath home sits on the S.W. corner, taking full advantage of both winter & summer sun. This really has all the indoor & outdoor space required to live a very special life. Not just parking, but your very own private double car garage is part of the package. Concierge services help residents feel secure & comfortable and may offer assistance in times of emergency. So seriously...why not be part of a poignant love story at the Water's Edge!
