

1156 Senator Road, Bowen Island

\$1,675,000

The Deep Bay neighbourhood is where many cottages from the Union Steamship era became permanent homes, and they continue to be kept in the family. Homes on Senator Road rarely come up for sale. This renovated beach house with a million dollar view offers so much for those who desire the true Bowen lifestyle. You are just steps from the local neighbourhood beach and a 10 min. scenic walk to the ferry. Recent updates include a new kitchen & bathroom on the main floor, windows, decks & railings. The home is currently laid out as separate living areas upstairs and down – perfect for 2 couples, a family with in-laws, or as a revenue generator that's located conveniently close to the ferry. A new doorway easily connects the spaces to revert back to a 4 bed/2 bath single family home.
