"Labyrinth House" is a gardener's paradise. This sanctuary, sited on gently sloping land, boasts an ever-changing view of nature. The house, a split-level West Coast Modern gem designed by an award-winning architect, is built for entertaining, with generous spaces, private corners, and abundant natural light. Wood features prominently, with cedar tongue & groove ceilings, custom cabinetry, and many hand-crafted elements. On the main floor, a cozy den with French doors provides a quiet space for fireside reading, while the great room boasts acoustic qualities that are perfect for house concerts. Two bedrooms have outside access, a heated garage attic is fit out as a fourth bedroom, and the lower floor could be ideal for tenants or retreat accommodation. There is ample storage on all levels. Gardens galore include: a peaceful zen oasis, mature trees & shrubs, colourful perennials, veggie plots, berries, orchard, wild areas, and a rustic labyrinth for walking meditation. (id:56120)
