

1113 Lenora Road, Bowen Island

\$1,599,000

A mid-century modern vibe meets ocean views in this fabulous updated home. There's a sunken living room with a wood-burning fireplace and low-height built-in shelving that helps to define spaces. The dining area fits a table for 10, and the spacious kitchen with no overhead cabinets makes for a wide open entertaining space. With expansive windows, sliding doors, & skylights, the space is flooded with natural light all year long. The mature English gardens out front and back fill the senses with fragrance and beauty. Deep Bay is arguably the most desirable location on the island due to its walkability to the ferry, trails, schools, and shops. The annual island Halloween celebration and block party are just icing on the cake in this established neighbourhood where neighbours become friends.
