

10 4668 Blackcomb Way, Whistler

\$3,980,000

One of Whistler's most sought-after luxury townhome developments, Forest Creek offers a unique combination of privacy, exclusivity, and convenience. This exceptional three bedroom / 3 bathroom townhome offers a delightful list of features and amenities not often found in the Whistler townhome market. A beautiful river rock wood-burning fireplace, newly installed white oak flooring, a private garage, over height ceilings, caesarstone countertops and stainless appliances, a private hot tub surrounded by lush West Coast forest, and this particular property is in a unique position in the development with no adjacent building across the laneway, so all windows look out onto green space. While zoning allows for Airbnb rentals, this particular property has never been rented, and GST is paid!
