

3521 Waters Edge Dr, Sooke

\$1,949,900

A waterfront property that is absolutely stunning in every way! 2018 built, classic true west coast post-and-beam nearly 3000 sqft (1175 sq ft unfinished in the basement ready for a suite or additional living space). Full time residence, vacation property, or run it as a vacation rental (still OK in this area!) From the moment you enter, you'll know you're in a special place: fir floors throughout, high ceilings, huge windows to take in the views of the strait of Juan de Fuca and Olympic Mountains. Details like huge natural beams and a custom-hewn staircase to the upper level primary bedroom and luxurious ensuite continue to tell the story of this beautiful home. A perfect sitting area or home office on the landing to take in the view. A kitchen with stone counters and stainless appliances, and a feature stone wall in the living room with wood-burning insert. Another huge bedroom with deck access, and a main bath with walk-in rain shower. Outside, enjoy the huge patio, fenced yard, and custom stairs down the bluff to the waterfront. Winter storms? No problem - backup generator runs the essentials and water system. (id:56120)
