\$2,999,999

Panoramic ocean, island and mountain views. This pristine home represents a superb opportunity to own an exemplary design by the late James Grieve, the master at creating beautiful spaces through balance and symmetry. The substantial 4,224 SF custom residence melds timeless design with incredible mill work, vaulted ceilings and walls of picture windows to take in the ever-changing ocean and Mt. Baker views. Superior craftsmanship is evident throughout with coffered ceilings, 8' mahogany french doors, oak hardwood floors and detailed built-ins. Featured is an outdoor "patio room" with wood burning fireplace. The handsome exterior includes signature arched windows combined with natural stone and wood. Ideally situated over-looking the bird sanctuary and pond where rare birds nest and eagles soar. Fully landscaped lot with incredible privacy and ever-changing vistas. Just a short stroll to Island View Park's sandy beach and near to local farms for fresh produce. An idyllic oasis. (id:56120)
