

6a 1500 Alberni Street, Vancouver

\$1,680,000

What ! Almost 2000 square feet right next to Alberni by Kengo Kuma. Yes, this is 1500 Alberni by James Cheng Architect. This home has a dedicated bar, living room with fireplace, family room to watch TV, proper dining room, laundry room with space to store household goods and its own exit/entry to haul things in and out with ease. 2 oversized bedrooms on opposite end of the condos with its own en-suites. This unique and oversized floorplan was designed as a family home to last generations. Rent or own, renovate or keep, the options are yours to choose. Long term tenant who had put a lot of love into this home would love to stay if you're a long term investor. If you're buying for your own family, you're in luck, she's kept this place as if it were hers. Showing by appointment once a week.
